MOUNTAIN OAK SCHOOL Teacher Orientation Office Referral – Student Discipline

Refer to the Student Handbook for a detailed description of student discipline processes and what are considered infractions. Refer to this document when issuing an incident report.

When all other means of discipline have been asserted or there is a serious infraction a student is referred to the office with the following steps.

🍎 Incident Report

When a student is referred to the office s/he must have an accompanying incident report so that administration has a full understanding of what occurred. If there is no immediate time to complete the incident report an office pass with some details of the infraction(s) must be arrive with the students. Incidents are recorded in the Student Information System (SIS).
Student Calls Home

Students sent to the office will immediately call home and describe her/his misbehavior or infraction. The parent will be informed the teacher will do a follow-up call.

Teacher Calls Parent

Make contact on the same date of the incident (if that is not possible then next day contact is critical), write the time of the person contacted and notes regarding the conversation. The purpose of this procedure is for moving toward behavior plans, suspensions and possible expulsions. The school needs a record of parent contact. If permission is granted by the class teacher of administration the attending adult can call the parent regarding the incident or chronic misbehavior but this is not recommended.

Teacher fills out Teacher/Parent Contact Slip

The teacher or attending adult (with permission) must complete the Teacher/Parent Contact form that will be given directly to you or found in your mailbox the day the student is sent to the office. When the form is completed return it to the attendance secretary’s inbox on top of the desk.

Incident Report Filed

Parents are sent a copy of the incident report. The incident is filed in the Student Discipline Binder.

Behavior Plan

When a student receives 3 incidents reports the parents, teacher, student services and administration will write a behavior plan. Teachers will regularly check-in (1 week, 2 weeks) with the parent to determine if the behavior plan is successfully progressing.
Further Disciplinelf attempts to support the student’s behavior are unsuccessful through the above model the school will move to the next phase of discipline described in the Student Handbook, i.e. suspensions and/or expulsions.

**Students protected under the Individuals with Disabilities Act may have other discipline accommodations and procedures specified in the IEP. Please see the Policy and Procedure Manual for Special Education Law.**
