Supplies for community classroom needs

In lieu of giving you a long list of supplies, I am asking parents to please contribute to the classroom fees (the office can set up a monthly payment plan if necessary). These fees cover the materials for the many projects that we do in kindergarten, and they also fund our snack program. In order to further support our snack program, I am going to provide sign-up sheets for various snack items throughout the year.

Thank you for contributing to our classroom community!
